Faculty of Security and Surveillance

B. Voc in Fire Technology & Industrial Safety Management

Skill Subjects

| Skill Component -I : Radiation Hazards | | | | | | | |
|--|---------------------------------------|---|---------------------------|----------|--------|--|--|
| Component | Unit (Module) | Subunit (Session) | Learning | Duration | Credit | | |
| | | | objective | in hour | | | |
| Theory | Nuclear Energy | Definition, Nuclear Energy and | Familiar with | | | | |
| | | Fission Chain Reaction, Nuclear | Nuclear Energy | | | | |
| | | | and its reaction. | 10 | | | |
| | | Cycle, Enrichment and Fabrication, | Understanding | | | | |
| | | Nuclear Cycle Re Processing | the process of | | | | |
| | | , | nuclear cycle. | | | | |
| Theory | Radiation | Natural Gas, Thermal Neutrons, | Introduce to | | - | | |
| • | Hazards | Ionizing and Non Ionizing radiation, | different types of | 10 | | | |
| | | | Radiations. | | | | |
| | | Radiation Dose, Alpha, Bita and | Hazards and | | | | |
| | | Gama Radiation, Cosmic Radiation | Effects of | | | | |
| | | | Radiation like – | | | | |
| | | | Alpha, Bita, and | | | | |
| | | | Gama Rays. | | | | |
| Theory | Control Measures of Radiation Hazards | Ionizing Radiation Controls, Devices | Knowledge of | | 3 | | |
| | | for Measuring Radiation, Controlling | equipment used to control | | | | |
| | 11020100 | Radiation Hazards, Controlling | radiation hazards. | | | | |
| | | | And | | | | |
| | | Exposure, Non Ionizing Radiation, | understanding | | | | |
| | | Disposal of Radioactive Wastes | the method of | 15 | | | |
| | | | disposal of | | | | |
| | | | radiation waste. | | | | |
| | | | | | | | |
| | | | | | | | |
| | | | | | | | |
| | | | | | | | |
| | | | | | | | |

| Skill Component -II :- Social Security in Industries | | | | | | |
|--|--------------------------------------|---|---|------------------|--------|--|
| Component | Unit (Module) | Subunit (Session) | Learning objective | Duration in hour | Credit | |
| Theory Demonstration Practical | Social Security | Definition, Scope of Social Security, Social Security in India, Working of ESI, Benefits of Workers | To know about social security in India. To inform about the benefits to be received by such workers. | 10 | | |
| Theory Demonstration Practical | Various Acts use in Industries | Group Life Insurance, Workman's Compensation Act, Maternity Benefit Act, Employees provident Fund Act Right to payment for Maternity | To know about life insurance and explain about various acts. And Employees Provident Fund Act to know the right to pay for maternity. | 15 | 3 | |
| Theory Demonstration Practical | Industrial Policy | Insurance Policy, Taking Policy, Transit Insurance, Employees State Insurance, Safety Audit, After Fire Incident, After Theft, After Accident | Tell us about the insurance policy. Also, to understand the benefits of safety audit to avoid any kind of accident and fire accident etc. | 10 | | |

Faculty of Security and Surveillance

B. Voc in Fire Technology & Industrial Safety Management

| Skill Component -III: Safety in Power Plant | | | | | | | |
|---|--|--|---|------------------|------------|--|--|
| Compone nt | Unit (Module) | Subunit (Session) | Learning objective | Duration in hour | Cre dit | | |
| Theory Demonstr ation Practical | Boilers and Its Safety Precautions | Introduction, Boilers, Gas Turbine, Control of Fluid Systems safety, General Safety Requirement, Safety Guidelines for high speed rotary equipment. | View on important safety points related to Boilers, Gas Turbines, Control of Fluid Systems etc. | 05 | | | |
| Theory Demonstr ation Practical | Electrical Safety in Industry | Safety of Diesel Station, Electrical quality associated with Human Injury, Safety precautions for electrical workers, Safety rules for Line man\Authorization, Care and storage of Live line tools | Safety Precautions for Electrical Personnel working at Diesel Station, Power Station etc. Knowing Safety Rules for Line Man/Authority. | 05 | | | |
| Theory Demonstr ation Practical | Electrical Cables and Earthings | sponsibilities of Employees, HT and EHT Cables, Precautions in respect of Storage Batteries, Electrical Maintenance, Earthing | Knowing the precautions to be taken while maintaining and using electrical equipment as well as understanding your responsibilities. | 10 | 4 | | |

Faculty of Security and Surveillance

B. Voc in Fire Technology & Industrial Safety Management

| Skill Component -IV: Occupational Health | | | | | | |
|--|---------------------------|---|--|------------------|------------|--|
| Component | Unit (Module) | Subunit (Session) | Learning objective | Duration in hour | Cre dit | |
| Theory Demonstration Practical | Health Risks | Introduction, Occupational Health Risks, Ways to reduce occupational Risks, Excerpts from ILO Convention, Measures for Occupational Health and Safety, Compensation and Rehabilitation | Researching about occupational health risks and understanding how to reduce these risks. And to know about the compensation related to it. | 05 | | |
| Theory Demonstration Practical | Health Services | Working Women, Working Children, Insurance Schemes, Tips to improve Occupational Health, Community Health, Health services | Understanding various tips to improve occupational health. and community health, to learn about health services. | 05 | | |
| Theory Demonstration Practical | Diseases and Medicines | Preventive medicines, Illness and Healing, Degenerative Illness, Common Diseases, Care of ENT, Diseases: Causes and cures. | To know about work- related disease and find out its causes and tell about its prevention measures. | 10 | 2 | |

Objective:- To Train an individual in handling Fire Safety Equipment and Enable him/her to function as a Fire Technician.
